

CASE STUDY: DOG HAUS

Dog Haus is a Fast Casual franchise food concept, that’s the third fastest growing franchise in its category. It’s also considered one of the fastest growing franchises in the world.

They have sold over 130 locations and their biggest problem was how to manage their growth, get franchisees skilled up, and reinforce brand, company, and product knowledge. So, they decided to launch with 1Huddle.

“WE CHOSE 1HUDDLE OVER LMS.”
